Hi, all. I think we have enough people available to make this a worthwhile get together.  
Below (and attached) are the topics I would like to cover.

I think timing is flexible. I thought Brent and Paula would like a chance to catch up at their offices after the previous all-day meeting. But perhaps Dan and Paula would like to stop at the Forest Service first thing in the morning (8ish?) on their way downtown? What works best for folks?
